| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species. Airs on "digital 1". |
| Does the Licensee identify the program by displaying throughout the program the symbol E/I? | Yes |

Digital Core Program (3 of 11) Response

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Gina D is a fun loving, positive role model who has the demeanor and appearance of a young teacher and is playful in her approach to her target audience. In addition to puppets and animated characters, Gina D is surrounded by a group of whimsical characters which include Simon, Miss Muffin the Cook, Mr. Pockets and Pierre. As the program takes on an interactive quality through questions and reactions from Gina to a multi-culturally diverse group of youngsters who are sometimes on and off camera, she attains and maintains the attention of young children to help further develop their self-image, social skills, math readiness, and reading readiness. Various themes throughout the program may include bike safety, not talking to strangers, and stopping at traffic lights. Through different scenarios and easily learned original songs, these lessons are imparted to the target audience. Airs on "digital 2". |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This program is a musical variety show that is driven by three siblings, and empowers children to accomplish their goals and their dreams. AZE2 accomplishes this through interviewing people who excel in their profession and have a positive message for kids. As hosts, these children entertain and inform their audience through song, dance, music and dialogue. This show supports and encourages respect for others, having integrity, following directions, putting forth your best effort and taking responsibility. This program is an upbeat, diverse and entertaining series that will inform young people on a variety of subjects, while keeping their interest. Airs on "digital 2". |

| | |
|--|--|
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Mouse in the House is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse which talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. The program also uses 3D animation to explain the steps and results of the experiment. Aired on "digital 2". |
