Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	7.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Program Title	DOODLEBOPS - I (18.1)
Origination	Network
Days/Times Program Regularly Scheduled	SAT 8a-830a
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	3 years to 6 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Doodlebops is a live action show designed to teach life lessons to children under elementary school age, and is intended to promote social and academic readiness. The main characters are the three members of the Doodlebops musical band, their jazzy neighbor MAZZ and their driver Bus Driver Bob. Each episode explores social issues, such as the importance of persistence or the value of openness to new things. The program emphasizes an appreciation of music, and integrates the social lessons into original songs that are repeated through the episodes. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
Does the Licensee identify the program by displaying throughout the program the symbol E /I?	Yes

Program Title	BUSYTOWN MYSTERIES - I (18.1)
Origination	Network
Days/Times Program Regularly Scheduled	SAT 9a-930a
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	3 years to 7 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Science- is an informational and educational program that provides interesting factoids about different animals. Each show and segment are introduced with a question to peak curiosity. The show allows for discussion and the making of predictions. Ideal for classrooms, it targets 13-16, but captures more general audience including 8-12 yr olds. While most animal shows look at the behavior of animals, we go one step further to look at the how and why an animal is able to excel in its environment. Shot in high definition, "Animal Science" uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. Our enthusiastic host's modern vocal style will be engaging to the target audience. This program will attract all age demographics.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids Adventures II - E/I, K13-16 Aqua Kids provides a unique vehicle for young people to learn about the diversity of marine animals around the world, emphasizing the importance of preserving fragile aquatic habitats and encouraging children to take an active role in protecting the future of their community and the world. The program provides a window into the management and preservation of unique habitats and species through the eyes of kids and their hands-on collaboration with science researchers and educators. The messages delivered by Aqua Kids are given by a creative and resourceful host, Molly McKinney, whose scientific background is evident in the show. The other young hosts, whose ages range from pre-teen to late teens, are equally entertaining and informative. The young viewers identify with these young hosts and imagine themselves in the role of the scientist and as someone who could have a positive impact on the environment. The format of young student scientists presenting information on location in a variety of aquatic settings is both entertaining and informative. (Showplace TV Syndication)

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Ariel & Zoey & Eli, Too - E/I, K13-16 Ariel & Zoey & Eli, Too (AZE2), a musical variety show that is driven by three siblings, empowers children to accomplish their goals and their dreams. AZE2 accomplishes this through interviewing people who excel in their profession and have a positive message for kids, introducing guests who perform different genres of music, and presenting musical performances by the cast members themselves. These cast musical performances show children they can write their own music and the importance of teamwork. Music on the show is produced by Emmy Award winner David Barrett. He and Brian Brill (another Emmy winner) ensure that the music is tailored for the young audience. All songs offer a positive message about life. Every episode begins with the song "Sweet Company which sends the positive message of friendship and ends with the singing of End of Another Day which encourages the viewer to stay optimistic about tomorrow. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Dog & Cat Training with Joel Silverman - E/I, K13-16 The motto of the series Dog and Cat Training with Joel Silverman says it all - Bond with your heart, train with your brain. This series demonstrates learning a new skill by listening, watching, and following through geared towards ages 13-16 by using animals as a teaching tool, some skills demonstrated can be used in dealing with common life issues as well. Issues that arise through training an animal are to encourage patience and discipline. Responsibility of caring for an animal instills compassion and concern. It is also a listening exercise to comprehend information. Ultimately, the child will gain an education through the art of training an animal which in turn can lead to more confidence, a sense of accomplishment and well-being. The series leads them to use the new skill as an opener to form new relationships and use their communication ability. (Showplace TV Syndication)

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	BETA Records - E/I, K13-16 Beta Records TV is a teen-focused music interview program in which hosts interview up-and-coming musical artists. The artists talk about their inspirations life choices while emphasizing the importance of music education and education generally. Through these interviews, the hosts and guests try to communicate a grounded balance of priorities and the value of commitment, cooperation and perseverance that teens can apply in their own lives. The program also makes teens aware of past and present music history. By focusing on younger musical artists, the program captures the attention of teens while using the interview format as an effective way to elicit life lessons from the artists that are useful to the teen audience. Length of Program	30 mins
Age of Target Child Audience from	3 years to 7 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
