Programming**

| Question | Response |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream | 3.0 |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream | 168.0 |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671: | 7.0 |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? | Yes |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Cubix: Robots for Everyone takes place in the year 2040 in Bubble Town where robots outnumber humans. The series centers around a 13 year old boy named Connor, his robot Cubix, and the members of a special club known as Botties. Each member has their own robot with a unique characteristic. The robots are friendly, efficient and function in imaginative ways to help make Bubble Town a great place to live. But it's a good vs. evil world and Connor and the Botties learn lessons of right and wrong, teamwork, courage and problem solving during their adventures to thwart Dr. K's evil schemes to take control of Bubble Town's robots. |

|--------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This exciting series thrusts the viewer into the dramatic fray of the War of Independence, as seen through the eyes of two kids who've been taken in and given jobs as roving reporters by the Renaissance man of the Revolution, Ben Franklin. British teen Sarah sees both sides of the war and doesn't like either, while American teen Gregory is a passionate defender of freedom and liberty. French orphan Henri, who's also taken in by Ben, may be younger than his new "big brother" and "big sister", but he often sees most clearly. The series is packed with action, yet it confronts moral decisions head on. It's not concerned with the politics of history, but uses the drama of the events as a back drop for the conflicts faced by its protagonists. |

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

This show is dedicated to helping teens and families eat better, and live healthier lives, without sacrificing flavor. Each episode is focused on an individual, or a family, and their issues related to food and health. Examples include guests and families struggling with weight issues; trying to feed budding athletes; eating right on a budget; fighting serious health issues like diabetes; simply desiring to live a healthier life. He teaches viewers & guests important information about nutrition, guiding them to make better choices with the food they eat. In the process, they'll learn to cook, Rocco style. Fun and entertaining, and loaded with valuable takeaway information. Each episode ends with a renewed sense of purpose, and a commitment to change for the better.

Total times aired at regularly scheduled time 66

Length of Program 30 mins

Age of Target Child Audience from 9 years to 11 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.

Take a riding stable devoted to teaching dressage to young people, mix in half a dozen "tweens" from very different backgrounds, and a stable full of jumping horses who, when people are not around talk to each other; add to the conversation the voices of one supercilious cat, one very curious pig, and a wise, old barnyard-dog, and you have a recipe for an almost unending supply of stories about how kids can learn to get along, accept responsibility, and develop self-confidence, self-esteem, and a strong, positive character. This isn't just a stable where kids learn to ride and take care of their animals. It's a microcosm ... a small world in which three pre-teen girls and a boy encounter and learn to resolve many of the same kinds of problems and issues that most kids face in their daily lives as they struggle to become positive, productive adults.

| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturdays @ 10:00 a.m. & 10:30 a.m. October 6 - December 29, 2012 |
| Total times aired at regularly scheduled time | 26 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 3 years to 5 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This series was designed around four principal learning goals: To support the child in the development of his/her identify; to urge the child to communicate and create bonds with people around him/her; to encourage the child to adopt attitudes and behaviors that are open to differences; and to nourish a desire within the child for learning and discovering new things. These four principal learning goals are supported and reinforced in the stories through themes drawn from the everyday experiences of young children. In each story, the familiar themes explicate a set of educational informational objectives. |

| Origination | Network |
| Days/Times Program Regularly Scheduled | Saturdays @ 11am October 6 - December 29, 2012 |
| Total times aired at regularly scheduled time | 13 |
| Length of Program | 30 mins |
| Age of Target Child Audience from | 4 years to 9 years |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This series employs the fun and fascinating world-wide jaunts of a pair of adorable mice to present a body of important new learning. As Emily, the practical Country Mouse, and her sophisticated City Mouse cousin, Alexander, visit friends and family around the globe, they encounter non-stop delight along with non-stop problems, complications and mysteries. By stepping in, helping out and dealing with the situations with which they are confronted, they teach youngsters valuable "learning to learn" skills, centering on discovery, investigation and analysis; associated personal-character and pro-social attitudes; and intriguing core-knowledge learning focused on world history, geography and language. |
