Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	140.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	4.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mystery Hunters is an excellent example of a children's program that is innovative and empowering. Through critical observation, analytical thinking, and scientific testing, the series encourages children to question the world around them. Teenage reporters Araya and Christina travel cross the globe in search of answers to the world's myths and mysteries. Inquisitive minds will follow the young detectives as they conduct fun experiments to uncover the truth on the world's greatest myths and mysteries. Thorough both the travel aspect and investigation of ancient myths and mysteries, there is a profound focus on history, culture, geography, and international customs that will further the educational and informational needs of children aged 13 to 16 years.
