Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Turbo Dogs is an animated show based on the books, Racer Dogs, by Bob Kolar. The series follows a group of six dogs from Racerville who love to compete with one another in races. In each story, one or more of the dogs encounter and solve problems that teach them social-emotional lessons on good sportsmanship, teamwork, cooperation, playing fair, and friendship. The show also imparts information on the mechanics of racing such as directionality and concepts of distance and time. The social-emotional messages are embedded through the stories using action and humor. The tags at the end of each episode reiterate and establish the educational message learned by the dogs.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Shelldon had its worldwide premiere during the 4th quarter 2009. This is an animated series about Shelldon, a school aged yoka shell mollusk who lives with the adoptive family, the Clams, in an undersea community called Shell Land, which is populated by all sorts of sea species. Shelldon and his best friends, Connie (a cowry shell mollusk) and Herman (a hermit crab) face a specific challenge in every episode of the show. The problem may be managing a bully, improving their grades, learning how to be altruistic, or protecting their environment from natural and man-made disasters. In all cases they rely on Dr. Shell, the most venerated intellectual and elder in Shell Land who teaches them and gives them opportunities to harness their potential and solve the problem. Each episode provides a direct socio-emotional lesson and many episodes provide informational content relating to the sea life habitat of Shell Land and environmental conservation.

Total times aired	13
Number of Preemptions	1
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"The Magic School Bus" is based on a series of children's books about science written by Joanna Cole. The show features the ingenious Ms. Frizzle, an elementary school teacher and intrepid explorer who piles her students into her Magic School Bus and takes them on amazing field trips to impossible locations. The goal of each field trip to answer questions or learn many new things about the place the class visits. Each episode is a fact-filled expedition to places as diverse as the solar system, the human body, or even inside weather systems. The bus transforms to suit the environment and the kids freely explore and share their learning with each other and with Ms. Frizzle, who nudges them to "make connections" and answer their own questions with research. The class pet, Lizzie, a large lizard, accompanies the class on their field trips. The content of the show is appropriate for children from ages 6 to 10 and in addition to all the factual content, the children also have a social-emotional problem to solve that is embedded into the story line.

Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	BABAR,based on the books by Laurent de Brunhoff, is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parent as he journeys through life. Each episode of the show develops a social-emotional message such as taking responsibility, being patient and persistent in hard work, respecting peoples privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve dilemma that is faced by Babar, one of his friends or family members. BABAR first appeared on the schedule in 2007 and is returning with new episodes in 2009.

Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willas Wild Life is a new animated series centered on a six-year-old girl, and her menagerie of animals. Willa lives at home with her father and pets an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the cool group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Pearlie" is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light-hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 6 to 10-year-old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters (HQ) to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's **Television Act** (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed nonbroadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F. R. Section 73.671, NOTES 2 and 3.

After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies as follows: (i) the only programs specifically designed for children ages twelve and under that the station broadcast this quarter are disclosed in this report (including in this Question 17) and (ii) the licensee fully complied with the FCC's commercial limits, as specified in 47 C.F.R. Section 73.670, with respect to these programs. In addition to the educational or informational programs listed in this report, the station broadcast the following programs specifically designed for children ages twelve and under: [Turbo Dogs, Shelldon, The Magic School Bus, Babar, Willa's Wild Life, Pearlie, Animal Rescue, Dog Tales, PETS.tv, Critter Gitters, Coriosity Quest, Mustard Pancakes]. On June 12, 2009, the station stopped broadcast of its analog signal therefore question 7b and 7c no longer apply. WHO-DT STATION TOURS WHO-DT regularly conducts tours of its broadcast facilities for children's groups ages 16 and under. CHANNEL 13 WEATHER LAB AT THE SCIENCE CENTER OF IOWA Each weekday, children from all over central lowa interact with Channel 13 Meteorologists at our satellite interactive weather studio located at the new Science Center of Iowa. Not only are there discussions about weather, but also television production and the magic "green screen" plus children see our live weather broadcasts at noon and 5pm each day and receive educational weather handouts. WHO-HD Weather Guide WHO-HD Channel 13 wrote, designed printed and distributed 20,000 "Severe Weather Guides" at local grocery stores and the Science Center of Iowa with content specifically designed for children. First Alert Weather Activity Workbook The station's website, WHOtv.com, posted a Weather Activity book for students and teachers alike to have fun while learning some weather basics, including Severe Weather Safety. "PAYS FOR A'S" PROGRAM WHO-TV has teamed up with some local business to reward good students with our "Pays for A's' program. Students are encouraged to bring in their report cards to a sponsor location. With just one top grade, each student receives a prize pack including arcade games, ice cream and discounts to a local amusement park. And three times a school year, we draw one winner for 10 free passes to a local amusement park. I-CUB ANTHEM BUDDIES Channel 13, in cooperation with the Iowa Cubs, created a unique opportunity for children ages 7 to 12 to experience what it's like to stand on the baseball field next to a big league player and sing the National Anthem. More than 50 teams from across our viewing area participated. NATIONAL BALLOON CLASSIC This annual 8-day event is geared directly to families and secondarily to children. The event primarily has great entertainment value but also deals with the physics of what makes hot air balloons fly. There are also many children's activities that take place each day of the event. THE GOLDEN APPLE AWARD Each month during the school year, WHO-TV and a corporate partner honor one teacher in our viewing area that goes beyond the call of duty. Nominations are taken from letters written by children at the school that think their teacher should be recognized. Then on the last Monday of the month, we visit the school and surprise our deserving teacher with the honor at a school assembly. It teaches children appreciation of all teachers and motivates other teachers to aspire to achieve the same recognition from their students.

Length of Program	30 mins
Age of Target Child Audience from	4 years to 8 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Shelldon had its worldwide premiere during the 4th quarter 2009. This is an animated series about Shelldon, a school aged yoka shell mollusk who lives with the adoptive family, the Clams, in an undersea community called Shell Land, which is populated by all sorts of sea species. Shelldon and his best friends, Connie (a cowry shell mollusk) and Herman (a hermit crab) face a specific challenge in every episode of the show. The problem may be managing a bully, improving their grades, learning how to be altruistic, or protecting their environment from natural and man-made disasters. In all cases they rely on Dr. Shell, the most venerated intellectual and elder in Shell Land who teaches them and gives them opportunities to harness their potential and solve the problem. Each episode provides a direct socio-emotional lesson and many episodes provide informational content relating to the sea life habitat of Shell Land and environmental conservation.

Length of Program	30 mins
Age of Target Child Audience from	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"The Magic School Bus" is based on a series of children's books about science written by Joanna Cole. The show features the ingenious Ms. Frizzle, an elementary school teacher and intrepid explorer who piles her students into her Magic School Bus and takes them on amazing field trips to impossible locations. The goal of each field trip to answer questions or learn many new things about the place the class visits. Each episode is a fact-filled expedition to places as diverse as the solar system, the human body, or even inside weather systems. The bus transforms to suit the environment and the kids freely explore and share their learning with each other and with Ms. Frizzle, who nudges them to "make connections" and answer their own questions with research. The class pet, Lizzie, a large lizard, accompanies the class on their field trips. The content of the show is appropriate for children from ages 6 to 10 and in addition to all the factual content, the children also have a social-emotional problem to solve that is embedded into the story line.
