Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core  
Programs(12)

Digital Core Program (1 of 12)	Response
Program Title	The Chica Show (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 10:00 am (See #17)
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

Digital Core Program (2 of 12)	Response
Program Title	Pajanimals (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 10:30 am (See #17)
Total times aired at regularly scheduled time	11
Total times aired	13
Number of Preemptions	2
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	2
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Pajanimals are a group of four preschool aged puppets that live together in a house with their off-screen mother and father. They reside primarily in their bedroom, a dormitory of sorts, where they complete their nighttime routine of brushing teeth and conversing quietly before falling to sleep. The quiet time always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the social/emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced throughout the adventure. The children return home in time to get ample rest, confident about-facing their issues when they awaken the following day.

Program Title	Justin Time (11.1)	
Origination	Network	
Days/Times Program Regularly Scheduled	Saturday, 11:00 am (See #17)	
Total times aired at regularly scheduled time	7	
Total times aired	13	
Number of Preemptions	6	
Number of Preemptions for other than Breaking News		
Number of Preemptions Rescheduled	6	
Length of Program	30 mins	

Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Justin Time features a little boy, Justin, who wants very much to master his destiny, have great adventures, and solve problems. He begins with a problem that vexes him and daydreams his way into an adventure that takes him to different places around the world, providing him with an experience to help solve his problem when he returns home. Justin is accompanied by two imaginary friends throughout his adventures; Olive, a knowledgeable playmate, and Squidgy, the morphing flying sponge, who provides commentary and comedy along the way. Some examples of Justin's lessons involve learning that it takes focus to achieve success, our failures can teach what we need to do to succeed next time, or when one path to solve a problem doesn't work, you can find an alternative way to achieve your goal. Justin promotes self-directed learning from the young child's perspective and imagination.

Program Title	Tree Fu Tom (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 11:30 am (See #17)
Total times aired at regularly scheduled time	5
Total times aired	13
Number of Preemptions	8
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	8
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Tree Fu Tom, is a live action/animated series about a little boy who lives in a rural area and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmturn and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish, or relying on teamwork in order to accomplish a goal.

Program Title	LazyTown (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Sunday, 7:00 am
Total times aired at regularly scheduled time	13
Total times aired	12
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus, a gymnast/athlete prepared to answer any call for help, comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities including playing games, competing athletically, and even building forts and play structures.

Program Title	Noodle & Doodle (11.1)

Origination	Network
Days/Times Program Regularly Scheduled	Sunday, 7:30 am
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle, an instructional series, features creating art projects and cooking projects around a specific theme. Host, Sean, drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.

Length of Program	30 mins
Age of Target Child Audience	3 years to 6 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Gina D's Kids Club is an exciting, educational television series for preschoolers ages 3-6. Specifically-themed shows address the learning needs and potential of young children, as they entertain, amuse and delight viewers of all ages through a combination of live action and dynamic 3-D animation! This curriculum-based preschool program aims to teach kids social skills, language arts, and math through dances, silly songs, and colorful skits. The show represents an attractive alternative to current programming because Gina D's Kids Club is hosted by a positive adult female role model, who connects with her young viewers in the same manner that children relate to a young teacher. Each show concludes with Gina D writing a letter to her Grandmother to review the educational highlights of the day's events at the clubhouse. The major premise of Gina D's Kids Club is establishing and reinforcing positive values and behaviors through original songs and character performances that viewing children will choose to adopt and imitate. This show airs on our digital channel 11.2.

Program Title	Mouse in the House (11.2)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sunday, 12:30 pm
Total times aired at regularly scheduled time	13
Total times aired	9
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	1
Length of Program	30 mins
Age of Target Child Audience	9 years to 12 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mouse in the House is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse in a 3D animated laboratory setting. Max the Mouse talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. Max also proceeds via 3D animation to explain the outcome of the experiment and how it happened. This show airs on our digital channel 11.2.

Other Matters (12)

Other Matters (1 of 12)	Response
Program Title	The Chica Show (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 10:00 am
Total times aired at regularly scheduled time	12
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chica is a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.

Other Matters (2 of 12)	Response
Program Title	Pajanimals (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 10:30 am
Total times aired at regularly scheduled time	12
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Pajanimals are a group of four preschool aged puppets that live together in a house with their off-screen mother and father. They reside primarily in their bedroom, a dormitory of sorts, where they complete their nighttime routine of brushing teeth and conversing quietly before falling to sleep. The quiet time always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the social/emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced throughout the adventure. The children return home in time to get ample rest, confident about-facing their issues when they awaken the following day.

Program Title	Justin Time (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 11:00 am
Total times aired at regularly scheduled time	12
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Justin Time features a little boy, Justin, who wants very much to master his destiny, have great adventures, and solve problems. He begins with a problem that vexes him and daydreams his way into an adventure that takes him to different places around the world, providing him with an experience to help solve his problem when he returns home. Justin is accompanied by two imaginary friends throughout his adventures; Olive, a knowledgeable playmate, and Squidgy, the morphing flying sponge, who provides commentary and comedy along the way. Some examples of Justin's lessons involve learning that it takes focus to achieve success, our failures can teach what we need to do to succeed next time, or when one path to solve a problem doesn't work, you can find an alternative way to achieve your goal. Justin promotes self-directed learning from the young child's perspective and imagination.

Other Matters (4 of 12)	Response
Program Title	Tree Fu Tom (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Saturday, 11:30 am

Total times aired at regularly scheduled time	12
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Tree Fu Tom, is a live action/animated series about a little boy who lives in a rural area and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmturn and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish, or relying on teamwork in order to accomplish a goal.

Other Matters (5 of 12)	Response
Program Title	LazyTown (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Sunday, 7:00 am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus, a gymnast/athlete prepared to answer any call for help, comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities including playing games, competing athletically, and even building forts and play structures.

Program Title	Make Way for Noddy (11.1)
Origination	Network
Days/Times Program Regularly Scheduled	Sunday, 7:30 am
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Make Way for Noddy is based on a recurring character in the Enid Blyton book series for very young readers. Noddy, a boy doll, lives in a little cottage in the village of Toyland. He tools around in his sporty convertible, delivers the mail, and is a friend to all. Because he is very kind to others, he invariably is asked to help solve problems. But because he doesn't know everything, he also has a lot to learn. In each episode Noddy actively finds a way manage a project, soothe hurt feelings, settle arguments, or learn how to do something new by following directions. The examples in each episode are age appropriate challenges for children in the target audience and model clear and concrete solutions to problems.

Program Title	Gina D's Kids Club (11.2)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sunday, 11:30 am

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	3 years to 6 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Gina D's Kids Club is an exciting, educational television series for preschoolers ages 3-6. Specifically-themed shows address the learning needs and potential of young children, as they entertain, amuse and delight viewers of all ages through a combination of live action and dynamic 3-D animation! This curriculum-based preschool program aims to teach kids social skills, language arts, and math through dances, silly songs, and colorful skits. The show represents an attractive alternative to current programming because Gina D's Kids Club is hosted by a positive adult female role model, who connects with her young viewers in the same manner that children relate to a young teacher. Each show concludes with Gina D writing a letter to her Grandmother to review the educational highlights of the day's events at the clubhouse. The major premise of Gina D's Kids Club is establishing and reinforcing positive values and behaviors through original songs and character performances that viewing children will choose to adopt and imitate.

Program Title	Mouse in the House (11.2)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sunday, 12:30 pm
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	9 years to 12 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mouse in the House is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse in a 3D animated laboratory setting. Max the Mouse talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. Max also proceeds via 3D animation to explain the outcome of the experiment and how it happened.
