Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	659.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	16.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience		13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.		Passport To Explore provides CORE programming in the area of geography and prevailing local customs related to the areas visited. Not only does the series present geographical and morays about the areas visited, but it aims to enrich children's lives by making them aware of the differences that exist and how enriching those differences can be to their own lives. Each episode provides information related to the specific area visited and gives an educational approach to its history. Passport To Explore uses the technique of near peer mentors i.e., children to teach other children. Each episode employs children who ask questions and experience firsthand the experience of the topic.

Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Zula Patrol, a 3D/CG animated children's show, is designed to entertain while promoting an understanding of science and astronomy through engaging character-driven stories, which focus on specific educational science learning objectives. The series, about a group of animated aliens who travel the galaxies to learn new and exciting things about science and space exploration, is targeted to pre-kindergarteners through third-graders (ages 4-8 years old) and delivers both astronomy-based science education (orbits, eclipses, moon phases, asteroids, comets, gravity), as well as character-building lessons. In every episode of The Zula Patrol, the characters demonstrate inquiry-based learning and critical thinking skills. They also model inquisitiveness, observation, self-reflection, and social experiences that encourage collaboration, teamwork, and an excitement for scientific exploration and problem solving.
