Digital Core  
Programming

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 3.0      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 336.0    |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 6.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Astroblast, based on the book series by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. Five animal characters and one three-eyed octopus of unknown derivation populate the station. Each episode begins with an everyday conversation or incident that grows into a predicament needing a solution. While these predicaments take place in a fantasy environment, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up when you've made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes. |
| Does the Licensee identify the program by displaying throughout the program the symbol E/I?                              | Yes   |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus (a gymnast/athlete prepared to answer any call for help) comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities that include playing games, competing athletically, and even building forts and play structures. |
| Does the Licensee identify the program by displaying throughout the program the symbol E/I?                              | Yes   |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Earth to Luna is a Brazilian animated series about 12 year old girl, Luna, who loves science and the outdoors. There is nothing she doesn't question, and she shares everything she learns with her little brother, Jupiter, her parents or her friend Alice, and Clyde, her pet ferret. In each episode Luna and her brother develop questions about whatever they find curious, e.g., "What goes on inside the snails' shell?" or "Why does a firefly blink?" In pursuit of answers, Luna, Jupiter and Clyde go off on an imaginary adventure to do their research. They transform into the object or creature they are studying so they can personally experience the answers to their questions. When the threesome is finished with the "field trip" Luna summarizes everything they have learned with a show and a song. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Poppy Cat based on a book series by Lara Jones, models the use of imagination and storytelling to encourage creative thinking in viewers. Each episode features the narrator Lara, reading a story about Poppy Cat, to her own cat (who is also named Poppy). She weaves an exciting tale following her imagination, which leads her to distant lands reached by boat, plane, hot air balloon or train. Each story features Poppy Cat as the leader of a group of animal friends, including the resident bully Egbert the badger, and other occasionally recurring characters. A prevailing message emerges within each episode to be nice to your friends and always work together. There remains an overarching implicit message within every episode as well; think creatively and exercise your mind through reading and storytelling - for these activities always lead to enjoyment and adventure. |

|  |   |
|--|---|
| Age of Target Child Audience   | 2 years to 5 years  |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Tree Fu Tom is a live action/animated series about a little boy who lives in a rural area, and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmtun and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish and relying on teamwork in order to accomplish a goal. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | What children's program takes kids all the way from standing tree to finished paper? What kids' show invites viewers to understand not only the "you should do it" but the "why" behind energy conservation? What boy- and girl-oriented onscreen entertainment actually enlightens just as much as it entertains? Into the Outdoors. Watching an episode of Into the Outdoors makes kids want to get up and go outside to explore, discover, understand and enjoy the natural world first-hand. Into the Outdoors provides a trusted, unbiased opportunity to present positive, environmentally conscious messaging within a multi-award winning television program that appeals to kids-and their parents. Part science lesson; part travelogue; part exploration of the ooeey, gooey and gross; Into the Outdoors has achieved its award-winning success by serving up stories that captivate kids-and provide show sponsors with a highly valuable platform for sharing their brand's support of the world we share. This show airs on our 11.1 channel. |

The trio, RRTD, is guided by Hatty, an erudite hamster who wears a hat full of questions. The three characters agree that they would like to take a particular adventure and rev up their Roly-pods, enter the Spin-Again transport vehicle and arrive at their destination. Once there, Hatty challenges them to make decisions and choose options that will lead to success or failure with their quest. Once their mission is complete, they review their effort, assemble the Roly-Pods and head home. Their adventures are varied. They might go climb a mountain, design their own fairy tale, or build a sand castle. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Astroblast, based on the book series by author and illustrator Bob Kolar, is set on a space station in an unknown solar system. Five animal characters and one three-eyed octopus of unknown derivation populate the station. Each episode begins with an everyday conversation or incident that grows into a predicament needing a solution. While these predicaments take place in a fantasy environment, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up when you've made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes. |

| Days/Times Program Regularly Scheduled   | Saturday, 11:00 am   |
| Total times aired at regularly scheduled time  | 13   |
| Length of Program  | 30 mins  |
| Age of Target Child Audience from  | 2 years to 5 years   |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The Clangers is a beloved British series that was originally conceived by Oliver Postgate in 1969 and has been reconceived and invigorated by his son, Daniel Postgate. The show features the Clanger family, small mouse-like creatures that live on Clanger Planet far away from Earth. The members of the family are presented with many unusual challenges that become the center of a dilemma that must be resolved within each episode. Strange visitors arrive out of nowhere and the Clangers have to figure out who and why they are on Clanger Planet. Sometimes they need to help or rescue someone who has become lost on the planet. Other times, they are trying to understand outer space; meteors and comets and eclipses of the sun or moon. Each member of the family has a forte', from playing music to knitting or gardening or inventing equipment that comes in handy for some of the problem solving that takes place. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Earth to Luna is a Brazilian animated series about 12 year old girl, Luna, who loves science and the outdoors. There is nothing she doesn't question, and she shares everything she learns with her little brother, Jupiter, her parents or her friend Alice, and Clyde, her pet ferret. In each episode Luna and her brother develop questions about whatever they find curious, e.g., "What goes on inside the snails' shell?" or "Why does a firefly blink?" In pursuit of answers, Luna, Jupiter and Clyde go off on an imaginary adventure to do their research. They transform into the object or creature they are studying so they can personally experience the answers to their questions. When the threesome is finished with the "field trip" Luna summarizes everything they have learned with a show and a song. |

| Age of Target Child Audience from  | 2 years to 5 years  |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Lazy Town encourages fitness and healthful habits for preschool children. In the imaginary setting of Lazy Town, characters' eating and fitness habits are linked to problem solving in their world. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus (a gymnast/athlete prepared to answer any call for help) comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth. The underlying themes of Lazy Town stress the importance of eating "sports candy" (aka fruits and vegetables), always obtaining sufficient sleep, and going outside to engage in a wide range of physical activities that include playing games, competing athletically, and even building forts and play structures. |

| Program Title  | Tree Fu Tom (11.1)   |
| Origination  | Network  |
| Days/Times Program Regularly Scheduled   | Sunday, 7:30 am  |
| Total times aired at regularly scheduled time  | 13   |
| Length of Program  | 30 mins  |
| Age of Target Child Audience from  | 2 years to 5 years   |
| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Tree Fu Tom is a live action/animated series about a little boy who lives in a rural area, and has a rich fantasy life in the woods behind his home. Tom uses specific movements to summon up magic powers that permit him to morph into an animated hero and fly around in Treetopolis, the fantasy version of his woods. While in Treetopolis, Tom and his friends, Ariella, Twigs, Squirmturn and Zigzoo will invariably run into a problem or disaster that needs fixing. Tom calls upon the audience to practice original dance moves that will bring him "Big World" magic so he and his friends can resolve their challenge of the day. Educational messages reinforce positive socio-emotional content, with examples that model: being loyal to good friends, knowing how to ask for help, doing the right thing instead of what is convenient, making the effort to share rather than being selfish and relying on teamwork in order to accomplish a goal. |
