Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	LAZY TOWN promotes fitness and healthful habits for children of preschool and primary grades. It takes place in an imaginary setting, Lazy Town, and most episodes relate children's eating and fitness habits to problem solving in their "real world." The lead character, Stephanie, guides the audience through the story. She and her best friends, a group of "human" puppets reside in Lazy Town, where her uncle is the Mayor Milford Meanswell. The underground spy and influencer who defines the ethos of Lazy Town is Robbie Rotten, and he determined to ruin the health and fitness practices of Stephanie and her friends. When the kids get into difficulties with Robbie Rotten, it is Sportacus, gymnast/athlete who comes to the rescue from his home in a spaceship that hovers over earth, prepared to answer to any call for help. The ever-present theme of Lazy Town is to eat "sports candy" which consists of fruits and vegetables, get sufficient sleep, and go outside and engage in a wide range of physical activities, from playing games, holding athletic competitions, to building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle is an instructional series that features creating art projects and cooking projects around a specific theme. The show is hosted by Sean, who drives around in a double-decker bus fully equipped with art supplies, and a kitchen, all ready for any assignment. The projects encourage parent engagement and often feature families working together to make something for display in the child's home. Sean is accompanied by Doggity, an every-faithful Beagle dog, who transforms into an animated character during interstitial trips to a parallel universe and kitchen full of prank playing animated characters. While the show will be enjoyed by preschoolers, the projects are very practical and engaging to implement for children ages 5-8. The art projects typically feature lessons on recycling materials for re-use in making art and always demonstrate that creativity can transform something intended for one purpose into something useful to achieve a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This educational/informational series follows host Elizabeth Stanton and her celebrity friends around the world as they experience diverse cultures and volunteer to help needy kids. Elizabeth Stanton's Great Big World provides a look into areas of particular concern to young teens: global, social, educational, and wellness issues. Award-winning teen hostess Elizabeth Stanton and select celebrity friends travel around the world volunteering in areas of specific need, from feeding the hungry in the slums of Kenya to bringing hearing aids to Vietnamese neighborhoods whose citizens have experienced high rates of profound deafness and hearing loss. Great Big World offers a dynamic television experience for teens - combining the exciting, fun, and diverse experiences of world exploration with the life-changing volunteer opportunities available in these same areas. Various age-appropriate global issues are introduced to the viewing audience through in-depth and thoughtful interviews with Elizabeth, her travel buddies, and the friends they meet along their journey. In addition, Elizabeth and friends' personal hands-on experiences in the field both inspire teens to engage in selfless, helping behaviors in addition to educating them on where and how to find volunteer opportunities.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas is an entertaining and informative half-hour children's wildlife program shot in High Definition. The show introduces viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals - whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, children will discover the variety of places that animals live, how they find food, and how they play. This includes a look at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, and how animals take care of their young. Along the way, Animal Atlas educates kids about endangered species and provides information on how to support wildlife conservation. In a world committed to going green, Animal Atlas is entertaining, culturally relevant, and important.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"On The Spot" is a wild and lively game show unlike anything else on television. The cast is put on stage with half of a script, leaving room for clever ad-libs and any other games that may get thrown their direction. Also, there is a bell that is sounded off at random intervals, requiring the actor that spoke last to create a brand new line, right there . . . on the spot. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. Then, On the Spot explains the answer to each question. On the Spot challenges viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>EL SHOW DE CHICA features a five-year-old "baby" chick who spends her days with her parents in their costume shop, the Coop. The shop's one employee, Kelly, doubles as Chica's nanny and the ensemble is rounded out with Bunji, a large floppy eared rabbit and Stitches, a straw mannequin that sits in the window. In each episode Chica develops or encounters a problem that she cannot immediately resolve. Usually her issues involve impulse control, distractibility, judgment, and inter-personal behaviors. She and Kelly usually work on the problem through an adventure-- a fantasy transformation to animation-- where Bunji and Stitches come alive and join Chica and Kelly for the problem solving process. The core educational content is primarily socio-emotional development, and Chica learns how to express herself properly, think before she acts, and interact with others effectively. She often learns that it takes hard work and practice to become proficient at different skills.</p>

The underground spy and influencer who defines the ethos of Lazy Town is Robbie Rotten, and he determined to ruin the health and fitness practices of Stephanie and her friends. When the kids get into difficulties with Robbie Rotten, it is Sportacus, gymnast/athlete who comes to the rescue from his home in a spaceship that hovers over earth, prepared to answer to any call for help. The ever-present theme of Lazy Town is to eat "sports candy" which consists of fruits and vegetables, get sufficient sleep, and go outside and engage in a wide range of physical activities, from playing games, holding athletic competitions, to building forts and play structures.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"On The Spot" is a wild and lively game show unlike anything else on television. The cast is put on stage with half of a script, leaving room for clever ad-libs and any other games that may get thrown their direction. Also, there is a bell that is sounded off at random intervals, requiring the actor that spoke last to create a brand new line, right there . . . on the spot. The show uses an entertaining on-the-street format to test how well young people know the information contained in their own national curriculum. Then, On the Spot explains the answer to each question. On the Spot challenges viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer.

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas is an entertaining and informative half-hour children's wildlife program shot in High Definition. The show introduces viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals - whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, children will discover the variety of places that animals live, how they find food, and how they play. This includes a look at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, and how animals take care of their young. Along the way, Animal Atlas educates kids about endangered species and provides information on how to support wildlife conservation. In a world committed to going green, Animal Atlas is entertaining, culturally relevant, and important.
