Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Will & Dewitt uses fantasy, fun, music and rhyme to provide young viewers with a desire for learning, growing and being. How does one deal with the possibility of a monster in a darkened room, the adventure of the first day of school, the difficulty of finding something to do on a rainy day, or tying shoes for the first time? The boy and his frog, just like real little kids, commonly make mistakes and errors of judgment, which at the time may seem monumental, but in reality serve as motivators of growth, change and true accomplishment.
