Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	5.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	XPLORATION AWESOME PLANET - Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mystery Hunters is an excellent example of a children's program that is innovative and empowering. Through critical observation, analytical thinking, and scientific testing, the series encourages children to question the world around them. Teenage reporters Araya and Christina travel cross the globe in search of answers to the world's myths and mysteries. Inquisitive minds will follow the young detectives as they conduct fun experiments to uncover the truth on the world's greatest myths and mysteries. Through both the travel aspect and investigation of ancient myths and mysteries, there is a profound focus on history, culture, geography, and international customs that will further the educational and informational needs of children aged 13 to 16 years. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Program Title	Mystery Hunters (MeTV)	
Origination	Network	
Days/Times Program Regularly Scheduled	Saturdays, 9-9:30am & 9:30-10am (49.2)	
Total times aired at regularly scheduled time	26	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mystery Hunters is an excellent example of a children's program that is innovative and empowering. Through critical observation, analytical thinking, and scientific testing, the series encourages children to question the world around them. Teenage reporters Araya and Christina travel cross the globe in search of answers to the world's myths and mysteries. Inquisitive minds will follow the young detectives as they conduct fun experiments to uncover the truth on the world's greatest myths and mysteries. Through both the travel aspect and investigation of ancient myths and mysteries, there is a profound focus on history, culture, geography, and international customs that will further the educational and informational needs of children aged 13 to 16 years. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.
