The Pajanimals are a group of four preschool aged puppets who live together in a house with their off-screen mother and father. They reside primarily in their bedroom, a dormitory of sorts, where they complete their nighttime routine of brushing teeth and conversing quietly before falling to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the social/emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced throughout the adventure. The children return home in time to get ample rest, confident about facing their issues when they awaken the following day.

Some examples of Justin's lessons involve learning that it takes focus to achieve success, our failures can teach what we need to do to succeed next time, or when one path to solve a problem doesn't work, you can find an alternative way to achieve your goal. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Lazy Town encourages fitness and healthful habits for preschool children. The lead character is Stephanie, a young girl who guides the audience through the story as she and her friends ("human" puppets) and her Uncle (Mayor Milford Meanswell) navigate life within Lazy Town. Robbie Rotten, the underground spy and influencer who personifies the ethos of Lazy Town, is determined to ruin the health and fitness practices of Stephanie and her friends. When the kids have difficulty with Robbie Rotten, Sportacus, a gymnast/athlete prepared to answer any call for help, comes to the rescue from his home in a zeppelin-like aircraft that hovers over earth.
