Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Teen Kids News is a weekly news program that provides educational and informational programming to kids in a manner that is compelling as well as highly entertaining. It is designed to appeal to the audience on its own level. The focus of the program is young people, always letting them tell their stories in their own words. The young, ethnically diverse news anchor team reports from a professional news set and from the field on stories of interest and educational value to its own audience. They provide positive role models for kids who identify and emulate them. It inserts the clear voice of the kid into the adult-dominated media and provides a unique perspective to the news that is not currently available on network television. Teen Kids News meets the needs of children by promoting the value of being an informed citizen, exploring careers which inspire kids to stay in school, and building a strong vocabulary by explaining definitions of words. It also provides parents, teachers and children a springboard for discussions about current events and issues. Main Digital Channel.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	KOAT's station tours for students and other groups enhance our programming by educating children on the process of delivering a program to air. KOAT airs AD COUNCIL public service announcements during Children's Programming and other Public Service Announcements during different dayparts. Some recent education topics include staying in school, reading programs, energy conservation, parental involvement and health related announcements. Other announcements focus on children's health issues such as tips on obesity, skin cancer prevention, dental hygiene, pre-natal care, child abuse prevention, seat-belt safety for children, and fire safety. KOAT's community outreach campaigns are designed to address the issues affecting New Mexico's youth. The campaigns deliver positive, action-oriented messages and reports, stressing what each adult, as a parent, neighbor, or member of the community can do to help children overcome the obstacles that inhibit their growth and learning potential. Our news department regularly covers stories targeting parents and their children. Among these are "Research Rocks", a news segment that features local students and encourages students to excel in science and mathmatics. Community outreach projects include KOATs for Kids (provides coats for children who cannot afford them), and KOAT School Supply Drive a school supplies drive providing pencils, paper and folders to children who cannot afford them. Due to technical difficulties with the network that were beyond the station's control, Safari Tracks did not air on 10/17/2012. The network rescheduled and aired the show on Saturday, 10/21/2012 at 12pm. Safari Tracks was preempted on 12/10/2012 due to breaking news coverage of the death of Jenni Rivera, and the show was re-scheduled on 12/16/2012 at 8:00am.
