Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	1. Eco Company provides CORE programming in the area of the environment and preservation of the earths resources. Eco Company explores all aspects of being green and understanding how our actions impact the world. The E-Co team learns about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop new ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally the show provides weekly practical tips that teens, and people of all ages can use in their daily lives. 2. Eco Company uses the technique of peer reporting. The diverse and dynamic cast of teens who make up Eco Company combine their natural curiosity with their enthusiasm to report the informational stories to teens and their families. Each episode employs Eco Company members or hosts who conduct interviews of peers and adults, and experience first hand the demonstration and explanation of the topic. 3. Our Eco Company website can be easily accessed by parents and provides a clear description of the program and types of topics covered. It also provides a listing of the weekly episodes and topics aired on broadcast stations through the USA. Advanced notice of future episodes will also be available to parents and consumers by the website. 4. Eco Company has been reviewed by educators in a variety of disciplines who have endorsed the as an educational resource for teens and satisfies the FCCs requirements for core Educational and Informational programming. Targets teens 13-16.

Program Title	DINO SQUAD (KTVK 3.2)
Origination	Syndicated
Days/Times Program Regularly Scheduled	SAT 10:00AM 04/07/12 - 06/30/12
Total times aired at regularly scheduled time	13
Total times aired	13
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	2
Length of Program	30 mins
Age of Target Child Audience	9 years to 11 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Dino Squad is designed to promote and reinforce cooperation, teamwork, and related interpersonal social skills and positive character development via the portrayal of the actions and experiences of a group of attractive and appearing high school students in the context of highly entertaining and engaging stories. five, highly disparate teenagers, who have been thrown together because they have accidentally acquired the power to morph into dinosaurs, must fend off the efforts of a mad scientist (actually a prehistoric dinosaur in human disguise) who plots to return the world to his own kind...the dinosaurs! If not for the accident, our five teens are not likely ever to have become friends, let alone a close-knit team of secret heroes who must learn to work together in order to save earth and humankind. Their problem is how to stop the plot to return the world to its prehistoric state, while keeping their identity and morphing capabilities secret, getting along with each other, and leading the lives that any "normal" teenager dreams of. They must deal not only with finding a way to keep a mad scientist from mutating earth's present-day animals into new forms of dinosaurs (imagine an earth swarming with chickenasauruses, cockroachasauruses, and sharkasauruses), while they also struggle with such interpersonal questions as how and why to work with people they do not really understand and confront issues such as sharing credit, using each person's strengths while ignoring weaknesses, and getting along in highly frustrating situations. And this while simultaneously dealing with such intrapersonal issues as the meaning and value of honesty, perseverance, self-confidence and over-confidence, and myriad other challenges so common to young adolescents. Target age range: 9 - 11 years.

Program Title	DINO SQUAD (KTVK 3.2)
Origination	Syndicated
Days/Times Program Regularly Scheduled	SAT 10:00AM 07/07/12 - 09/29/12
Total times aired at regularly scheduled time	13

Length of Program	30 mins
Age of Target Child Audience from	9 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Dino Squad is designed to promote and reinforce cooperation, teamwork, and related interpersonal social skills and positive character development via the portrayal of the actions and experiences of a group of attractive and appearing high school students in the context of highly entertaining and engaging stories. five, highly disparate teenagers, who have been thrown together because they have accidentally acquired the power to morph into dinosaurs, must fend off the efforts of a mad scientist (actually a prehistoric dinosaur in human disguise) who plots to return the world to his own kind...the dinosaurs! If not for the accident, our five teens are not likely ever to have become friends, let alone a close-knit team of secret heroes who must learn to work together in order to save earth and humankind. Their problem is how to stop the plot to return the world to its prehistoric state, while keeping their identity and morphing capabilities secret, getting along with each other, and leading the lives that any "normal" teenager dreams of. They must deal not only with finding a way to keep a mad scientist from mutating earth's present-day animals into new forms of dinosaurs (imagine an earth swarming with chickenasauruses, cockroachasauruses, and sharkasauruses), while they also struggle with such interpersonal questions as how and why to work with people they do not really understand and confront issues such as sharing credit, using each person's strengths while ignoring weaknesses, and getting along in highly frustrating situations. And this while simultaneously dealing with such intrapersonal issues as the meaning and value of honesty, perseverance, self-confidence and over-confidence, and myriad other challenges so common to young adolescents. Target age range: 9 - 11 years.
