Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle, an instructional series, features creating art projects and cooking projects around a specific theme. Host, Sean, drives around in a double-decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Sean's side-kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>The Pajanimals are a group of four preschool aged puppets who live together in a house with their off-screen mother and father. They reside primarily in their bedroom, a dormitory of sorts, where they complete their nighttime routine of brushing teeth and conversing quietly before falling to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the social/emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced throughout the adventure. The children return home in time to get ample rest, confident about facing their issues when they awaken the following day.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Poppy Cat, based on the book series by Lara Jones, models the use of imagination and storytelling to encourage creative thinking in viewers. Each episode features the narrator Lara, reading a story about Poppy Cat, to her own cat (who is also named Poppy). She weaves an exciting tale following her imagination, which leads her to distant lands reached by boat, plane, hot air balloon or train. Each story features Poppy Cat, as the leader of a group of animal friends, a resident bully Egbert the badger, and other occasionally recurring characters. A prevailing message emerges within each episode to be nice to your friends and always work together. There remains an overarching implicit message within every episode as well: think creatively and exercise your mind through reading and storytelling - for these activities always lead to enjoyment and adventure.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Justin Time is an animated show specifically directed to the preschool audience and always conveys an embedded lesson; it is possible to understand and manage any problem you have by thinking about it creatively. Justin is a little boy who has two imaginary playmates, Olivia (who meets him on his travels) and Squidgy the sponge (who also lives in Justin's bedroom). When Justin has a problem or doesn't want to do something his mother has suggested, he daydreams his way into an adventure that takes him to places all around the world. On these adventures, he meets Olivia who guides him through an experience that demonstrates to Justin how he can solve his problem. The show provides many facts about the context the characters visit while on the adventure, but the central point is to teach a lesson about a social/emotional dilemma universally experienced by preschool children.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Lazy Town is a show featuring the importance of health, fitness, and being good friends. Set in a fantasy world known as Lazy Town, which is populated by inactive residents, we meet a visitor named Stephanie who is determined to coax her friends and relatives into adopting a healthful, active life style. She wins over her new friends, Ziggy, Stingy, Trixie and Pixel, convincing them to leave their gaming consoles and candy stashes at home so they can go outside and play. She persuades her uncle, Mayor Milford Meanswell, and his friend Ms. Busy Body to support her efforts. Robbie Rotten, who lives underground, and is determined to return Lazy Town to its former state of inactivity and quiet, constantly foils the characters' efforts. Coming to the rescue is the athlete Sportacus who lives in a zeppelin-like aircraft and receives signals from the kids or the Mayor whenever they need help. Sportacus has two goals, to keep the peace and to promote healthful, positive living. When Robbie Rotten is discovered and contained through comic pratfalls, he returns to his underground lair and all is well in Lazy Town, until another day and another time when Robbie will rise again.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>The Wiggles is an Australian children's variety show, starring musicians Tony, Murray, Greg and Jeff. During every show, the Wiggles run through a variety of skits that are specifically designed to entertain the preschool audience. They are supported by a troupe of back-up dancers and colorful characters, who help them move the show forward with scene changes, travel to distant locations and visits by guest artists. These characters include Wags the dog, Dorothy the Dinosaur, Henry the octopus, and Captain Feathersword the Pirate, all of whom dance and interact with the hosts. While the majority of the sketches are instructional in nature the context and spirit of the show demonstrates that learning is the way to have the "very most" fun.</p>

Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	6 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>Cubix: Robots for Everyone takes place in the year 2040 in Bubble Town where robots outnumber humans. The series centers around a 13 year old boy named Connor, his robot Cubix, and the members of a special club known as Botties. Each member of the Botties has their own robot with a unique characteristic. The robots are friendly, efficient and function in imaginative ways to help make Bubble Town a great place to live. But it's a good vs. evil world and Connor and the Botties learn lessons of right and wrong, teamwork, courage and problem solving during their adventures to thwart Dr. K.'s evil schemes to take control of Bubble Town's robots. Each member of the Botties faces life scenarios that commonly affect children today - feeling sad and alone, insecure and vulnerable, fear of failure, and overcoming uncertainties and phobias. Whether it is Connor facing a difficult initiation task in order to join the Botties; Chip dealing with his insecurities because he isn't as tall as the others; Charles' bragging; Cubix being blamed for something that he didn't do; Endruix' stage fright; or Antonio's jealousy during a competition that leads him to act like a spoilsport, the Botties face the same real life conflicts and fears that children face. Throughout the entire series, the Botties learn important lessons about themselves including self-confidence, courage, loyalty, patience, humility and pride but they also learn the importance of perseverance, teamwork and embracing their differences to overcome obstacles. These lessons resonate as the Botties work together to defeat Dr. K. and his evil schemes.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	It is during the adolescent years that career exploration, planning, education, and decisionmaking begins. There is no question that a career in one of the multimedia industries is among the most popular career choices of adolescents. Although many feel their calling is for a more obvious "on-camera" career in acting, there are also a number of "behind the screen" pursuits that make for fulfilling career choices. Made in Hollywood: Teen Edition (MIH:TE) was created by Connection III Entertainment Corp. to provide career information and advice from top Hollywood professionals to 13- to 16-year-old viewers so they can "explore and learn about the technical, artistic, creative, business, and administrative careers that are a part of the motion picture, television, music video, and home entertainment industries."

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chat Room is a brand new half-hour weekly educational series designed to inform, educate, and entertain children 16 & under (specific target audience is 13-16) through reenacting teen-oriented dilemmas and discussing them in an open and honest format. More than any other group, teens are on the frontlines of dealing with complex subjects as they stand at the crossroads between childhood and adulthood. Chat Room may not have all the answers but it offers a place where young people can watch and discuss the problems they face. Chat Room provides a compelling look at real-life situations that happen to today's teens as dramatized by teen actors. The adult host and teen panel then discuss the issues presented in a direct and forthright manner. This program is not intended to be preachy or pedantic. The goal is to present issues that are real and raw and discuss the pros and cons of each situation in a freeflowing environment.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Early and middle adolescence is an exciting yet a challenging period in one's life. Adolescents across the demographic spectrum and from all walks of life grapple with a number of pivotal but normal developmental milestones, such as preparing for more independence and responsibility, and experiencing change in relationships with family and peers. With increased self-reliance, young people make more of their own choices. And all the while, one cannot overlook that they grow in a dynamic, diverse, and complex world that offers both opportunities and social challenges. The goals of the series are to encourage the 13- to 16-year-old audience to: (1) explore, discover, and learn strategies to achieve personal dreams; (2) learn about the personal attributes important for achieving dreams; (3) explore volunteerism as an opportunity to build character and to uncover personal passions; and (4) gain knowledge about life skills necessary to "Live Life and Win!".

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Last year, the National Governors Association and Council of Chief State Officers released the Common Core State Standards Initiative, an attempt to set a national curriculum to bridge the standards gap between states. The content of On the Spot, a 30-minute E/I program for teens ages 13+, is based on the Common Core State Standards. The show uses an entertaining on-the street format to test how well young people know the information contained in their own national curriculum. Then, On the Spot explains the answer to each question. The pedagogical approach of testing first and explaining the answer second has been shown to enhance retention and understanding. On the Spot challenges viewers to recall middle and high school knowledge about history, science, math, English, second languages, health, geography, art, music, and technology, and then teaches them the answer.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willa's Wild Life, based on the book An Octopus Followed Me Home, by Dan Yaccarino, is an animated series centered on a six-year-old girl and her menagerie of animals. Willa lives at home with her father and pets - an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the "cool" group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light-hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 4- to 8-year-old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters (HQ) to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

The Young Icons is a television program that provides educational and informational segments exposing the target audience of young viewers to accomplished 'teens' that have set goals and are giving back to their communities as mentors, scholars, entrepreneurs and philanthropists. Each guest shares their personal stories of what motivated them to take on their passion and/or focus in their chosen field of endeavor. One guest's message inspires young audiences to "never let age hold us back, no matter how old you may be". Parents play an important role in supporting their 'young icons'. As one parent stated, "You can take a simple idea and turn it into something that can help an awful lot of people." The program provides a motivational and inspirational message that empowers audiences of all ages that hard work; dedication and looking beyond ourselves will pay off for everyone. Each segment of The Young Icons delivers an educational and informational message that supports current social, intellectual and emotional aspects of children ages 13 and up. Attributes and advice emphasized by guests instill a grounded balance of priorities, commitment, and perseverance children can apply to their lives.

The Pajanimals are a group of four preschool aged puppets who live together in house with their off-screen mother and father. We meet them in the bedroom, a dormitory of sorts, where they show us their nighttime routine of brushing their teeth and having quiet conversation before falling off to sleep. The quiet time, always turns into a discussion that results in a dream-like adventure to solve a problem, such as overcoming shyness, making a new friend, or dealing with a bully. The adventure takes place in several nighttime dream locales where special friends help them work through the socio-emotional problem of the day. Specific approaches to managing the problem are demonstrated and practiced during the adventure, and the children return home confident, getting ample rest for today and facing their issues tomorrow.
