Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	On The Spot is a series tapping knowledge across a series of subject areas: geography, art, technology, science, math, history, language, music, and sports. In the program, a host will stop people on the street and ask them questions based on local and national curriculum. The show will then go to lengths to explain each answer and why it is correct, bringing in the educational element. This format has three fundamental educational benefits: first, it taps into fact retrieval in the curriculum; second, it expands the information beyond fact retrieval; third, it addresses what educators call non-cognitive factors for student success. These are factors that can measurably improve student achievement and can show students that anyone can own information. In On The Spot, knowledge becomes the star. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This animated series is based on the books by Richard Scarry. The fictional city Busytown is an enchanting place that's abuzz with energy and life. Episodes are divided into multiple segments with different themes. The first and last segments involve the children in Busytown exploring their community. At the end of each segment the children have learned a little about their community and the world they live in. The middle segment shows children life in other cities featuring daily activities of adult characters in places such as Paris or Rome. Each episode includes two song segments in which the first, "Imagine That", teaches various things like general science to how banks work. The second song segment that teaches safety is called "Play it Safe". The aim of the series is to stimulate imagination and foster vicarious play, teach pro-social behavior (such as generosity, friendliness, persistence, altruism, understanding of others' points of view, empathy, acceptance of others' idiosyncrasies), help children move beyond family attachments to the world of friendships and community, help children develop skills on which academic learning depends such as attention, language, memory, active processing of a story and an interest in reading. Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series follows five teenagers who are accidentally morphed into dinosaurs, which brings them together to find a way to stop the efforts of a mad scientist who is plotting to return the world to its prehistoric state. Each episode portrays these teens facing and finding solutions to problems that are relevant to contemporary viewers. Along the way, they struggle with interpersonal issues such how and why to work with people they do not really understand, the meaning and value of honesty, teamwork, perseverance, self-confidence, sharing credit, using each person's strengths while ignoring weaknesses, and getting along in difficult situations. They learn that positive behavior results in positive consequences. This series combines the fascination of dinosaurs with familiar issues that children have to face each day. Total times aired at regularly scheduled time	26
Length of Program	30 mins
Age of Target Child Audience from	9 years to 11 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series follows five teenagers who are accidentally morphed into dinosaurs, which brings them together to find a way to stop the efforts of a mad scientist who is plotting to return the world to its prehistoric state. Each episode portrays these teens facing and finding solutions to problems that are relevant to contemporary viewers. Along the way, they struggle with interpersonal issues such how and why to work with people they do not really understand, the meaning and value of honesty, teamwork, perseverance, self-confidence, sharing credit, using each person's strengths while ignoring weaknesses, and getting along in difficult situations. They learn that positive behavior results in positive consequences. This series combines the fascination of dinosaurs with familiar issues that children have to face each day.
