Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Young, enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half hour, produced for ages 13 to 16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13 to 16 year old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time, sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Culture Click is a weekly half hour series that explores the genesis of and reasons behind cultural events that permeate our everyday lives. Developed and produced for viewers aged 13 to 16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping off point for a deep dive into the culture viewers 13 to 16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society - using the power and speed of the internet and user generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's work of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience Culture Click.

Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	Bill Ransom
Address	7 Broadcast Plaza

State	NY
Zip	14202
Telephone Number	716-840-7744
Email Address	ransomb@wkbw.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that it fully complied with the F.C. C.'s commercial limits, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically intended for children ages twelve and under. The Station did not broadcast an analog signal during this quarter. The licensee's response to Question 7 (b) therefore assumes that the Station's current main program stream serves as the equivalent to the Stations' former analog channel. On Saturday, February 4th, the station experienced technical difficulties during the broadcast of its children's programming. Specifically, at various times during "Ocean Mysteries," (7:30-8:00am) and during "Food For Thought with Claire Thomas" (10:00 - 10:30am), the program audio channels were slightly out of time, causing a reverb effect. Also, dialog channel can be heard at same level as main channels causing interference. On Saturday, March 31st during "Food For Thought with Claire Thomas" (10:00 - 10:30am)there were technical difficulties. At times the dialog channel conflicted with the main program.
