Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Xploration Animal Science is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. Produced specifically for the 13-16 demographic, this is an animal series with a uniquely scientific approach. While most animal shows look at the behavior of animals, Xploration Animal Science goes one step further to look at how and why an animal is able to excel in its environment. This series uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. This is a program that all animal lovers will watch and learn from.
