| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Dragon Ball Z follows the adventures of the adult Goku who, along with his companions, defends the earth against an assortment of villains ranging from intergalactic space fighters and conquerors, unnaturally powerful androids and near indestructible magical creatures. While the original Dragon Ball anime followed Goku through childhood into adulthood, Dragon Ball Z is a continuation of his adulthood life, but at the same time parallels the maturation of his son, Gohan, as well as characters from Dragon Ball and more. The separation between the series is also significant as the latter series takes on a more dramatic and serious tone. The anime also features characters, situations and back-stories not present in the original manga. |

Elizabeth Stanton's Great Big World - this reality series exposes kids to world geography, history, and cultural diversity through the eyes of its young host and her team of familiar celebrities like Chelsea Staub-Kane and Devon Werkheiser, who traverse multiple continents to explore new places and to help out philanthropic efforts in their host cities. The show is a great introduction for kids to cultural awareness, since it keeps the content light and relatable for young viewers (visiting the Great Wall of China and tasting local seafood, for instance) . . . and being presented by some of their favorite TV personalities doesn't hurt, either. Kids might need a little more explanation when the team's travels reference weighty issues like the Vietnam war, but overall, this is a worthwhile series for curious kids

And when Riki hears an urban legend about "a secret B-Daman tournament (a tournament that only a very selected group of players are allowed to participate)" spreading amongst the children of the town, he realizes that there is something very mysterious and exciting about B-daman.. Riki is sure that the story is nonsense, but just then a mysterious, unidentifiable voice calls out to him "Boy. There are still many things in this world that you know nothing about." Along with the voice, a boy, "Samuru Shigami" holding a White Dragon Type B-Daman appears. Riki senses something overwhelming in that cool and mysterious atmosphere. Samuru walks away and disappears. What is the mystery behind the B-Daman? |
