Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A Sprout original production, "Noodle and Doodle" is a full-length, live-action series featuring arts, crafts and cooking for preschoolers and their families. Hosted by Sean, Sprout's master artist and co-host of The Sunny Side Up Show (Sprout's morning block and only LIVE show on television specifically designed for the preschool audience), "Noodle and Doodle" features arts, crafts and healthy recipes inspired by real preschoolers' experiences. With his new friends Noodle, a loveable puppet who likes to help in the kitchen, and Doodle, a virtual, electronic friend, Sean leads real preschoolers and viewers at home to make all kinds of kid-friendly creations. Viewers will discover healthy recipes and clever crafts that families can create together using materials from around the home. All of the cooking and crafting takes place inside a whimsical double-decker bus where Sean and his helpers demonstrate step-by-step "how to" creations in an engaging, simple way that families can recreate at home. Also along for the ride is Sean's dog Doggity, an adorable beagle with the special ability to take viewers into his imaginary, animated world where culinary canines use teamwork to solve problems and cook up treats in their own kitchen during a segment on Noodle and Doodle called Doggity's (created in conjunction with Ka-chew!, a division of Klasky Csupo, the creators of "The Simpsons" and "Rugrats").

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pets focuses on the everyday lives of four anthropomorphic animals and their dysfunctional interactions with each other. They live in a filthy, rundown house, although it has working electricity and running water. There is never a human owner visible or even evident. The episodes are self-contained, and set entirely within the house. Most of the events that take place tend to be surreal, contain strong elements of black comedy and off-colour humour, and frequently make references to pop culture subjects. Pets also follows a rather traditional sitcom technique by using a "reset button". Each of the Pets have died at least once, only to reappear alive and well in the next episode. Events from previous episodes are never referred to, but unseen events from the past are often mentioned.

All of the cooking and crafting takes place inside a whimsical double-decker bus where Sean and his helpers demonstrate step-by-step "how to" creations in an engaging, simple way that families can recreate at home. Also along for the ride is Sean's dog Doggity, an adorable beagle with the special ability to take viewers into his imaginary, animated world where culinary canines use teamwork to solve problems and cook up treats in their own kitchen during a segment on Noodle and Doodle called Doggity's (created in conjunction with Ka-chew!, a division of Klasky Csupo, the creators of "The Simpsons" and "Rugrats").
