Fac Id: 7893

Dear Licensee:

This refers to your attorney's letter dated June 22, 2015 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on May 22, 2015, WEAU had a high voltage transformer go out. You point out that while the station has been attempting to repair the transformer at the station, it believes it will be necessary to send the transformer back to the manufacturer to be repaired or replaced.

You state that reduced power operations will continue to be necessary while the applicant is trying to repair or replace the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until December 23, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
