Dear Licensee:

This refers to your attorney's letter dated July 17, 2015 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that due to a transmitter final amplifier failure, WLIO-DT operates at approximately 70% of its authorized licensed power.

You state that reduced power operations will continue to be necessary while the applicant is trying to repair or replace the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until January 22, 2016 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
