Dear Licensee:

This refers to the above mentioned application dated July 5, 2016 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station experienced an amplifier failure which forced the station to reduce authorized power. You mentioned that the applicant seeks STA to operate with reduced power (63% TPO or 1.26kW), until all repairs are completed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 12, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name.
