Dear Licensee:

This refers to the above mentioned application dated October 7, 2016 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that since September 12, 2016 the WVTA transmitter has been operating at between 35% and 50% of authorized ERP, when components failed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on April 13, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name and title.
