Fac Id: 7893

Dear Licensee:

This refers to the above mentioned application dated April 4, 2017 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that Station WEAU began operating at low power (67%) on March 27, 2017 due to the failure of its high voltage power supply. The station is awaiting repair of its high voltage power supply.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on October 5, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with a large loop at the end.

Kevin R. Harding
Associate Chief
