Dear Licensee:

This refers to the above mentioned application dated February 21, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the Station experienced the failure of one of its Inductive Output Tube ("IOT") tubes on its transmitter. As a result, the station is currently operating at 50% of authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on August 23, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".

Kevin R. Harding
