Dear Licensee:

This refers to your request dated April 9 2018, requesting special temporary authority (STA) for WDBD, Jackson, Mississippi, which is licensed for operation on channel 40. You point out that WDBD's STA facility will operate on channel 40 with a directional antenna side-mounted at a height of 527.6 meters above ground level on WDBD's current tower. There will be no change in the overall structure height of the existing tower (ASRN 1210491).

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on October 13, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
