Dear Licensee:

This refers to the above-mentioned application dated May 21, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on September 22, 2017 as a result of damage caused by Hurricane Maria the station went silent.

You mentioned SUAGM was able to resume operations on April 23, 2018 at its DTS-1 Site in Penuelas, Puerto Rico, utilizing its authorized antenna at 60% of authorized power. The station is now operating with reduced ERP of 480 KW at its DTS-1 Site.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 30, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the last name "Harding" being more prominent.

Kevin R. Harding
Associate Chief
