Dear Licensee:

This refers to the above-mentioned application dated May 22, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on May 18, 2018, the Station lost a critical component of its transmitter, causing it to operate at 20 kW ERP, approximately 3% of authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 30, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is written in a cursive style with a large, stylized "K" and "H".
