Dear Licensee:

This refers to the above-mentioned application dated June 15, 2018 requesting further extension of your authority to continue to operate at a slight variance from its license facility.

You indicate that the actual antenna in use is non-directional, although the WHIZ-TV, channel 40 License reflects use of a directional antenna. You mentioned that the station wants to operate with a non-directional antenna as it has been for the past ten years until it moves to channel 30.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1615 and 73.1635 of the Commission's Rules. This authorization expires on December 21, 2018.

Once again, we wish to point out that any request for further extension of this authority must include your reasons for extension and a detailed description of steps being taken to return the station to a fully operational facility.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
