Dear Licensee:

This refers to the above-mentioned application dated August 22, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate to facilitate the ongoing construction at One World Trade Center (OWTC), without risking radiofrequency exposure in excess of FCC limits, CBS seeks to temporarily reduce the WCBS-TV ERP to 245 kW as specified herein while making no other changes.

In light of the above, special temporary authority is granted pursuant to sections 73.1560(d) and 73.1635 of the Commission's rules. This authorization expires on **February 22, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
