Dear Licensee:

This refers to the above-mentioned application dated October 24, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the station has recently experienced equipment failures and is able to maintain broadcast operations at 50% power but will be unable to return to 100% power due to the paucity of replacement parts and equipment.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **April 25, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
