Re: KLWB
0000064334
New Iberia, LA
Fac Id: 82476

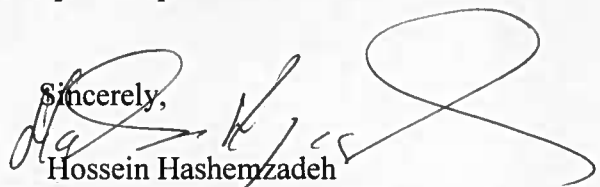

Dear Licensee:

This refers to your request dated December 21, 2018, requesting special temporary authority (STA) to operate at variance. You indicate that KLWB is presently operating with a temporary channel sharing facility as a "guest" station of the licensed KDCG-CD. The KLWB reassignment Channel 17 Construction Permit's expiration date has been extended to May 29, 2019 (LMS file# 0000063223). You mentioned that Delta herein requests STA to commence KLWB's initial operation on reassignment Channel 17 with an interim antenna to be side-mounted on the KLWB tower structure in order to complete the necessary tower work associated with construction of the authorized main Channel 17 facility.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on June 26, 2019.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Hossein Hashemzadeh
Deputy Chief
Video Division
Media Bureau
