Dear Licensee:

This refers to the above-mentioned application dated March 12, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WFTS-TV recently experienced a failure in one of the cabinets of its transmitter which limits the transmitter power output to 75% of the authorized output power of the station. You mentioned that WFTS-TV plans to operate the station at 75% power until it can transition the facility over to its new channel with a new transmitter.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **September 14, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
