Dear Licensee:

This refers to your request filed on April 16, 2019, for special temporary authority (STA) to operate at variance. You indicate the proposed STA system will be employed for use as an interim facility to facilitate the repack of KESQ-TV. The KESQ-TV STA facility will operate on Channel 42 using an antenna to be side-mounted on the KESQ-TV main facility tower. You mentioned that the proposed STA antenna system has been designed such that there will be no extension of the predicted noise-limited service contour of the STA facility beyond that of the main facility.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **June 21, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
