Dear Licensee:

This is in response to the above application filed on May 31, 2019, for special temporary authority (STA) to operate at variance. You indicate the purpose of this STA application is to allow the KNVA facility to temporarily operate with alternate parameters on its pre-transition channel (49) using a side-mounted directional interim antenna (TFU-8WB-R C160) while the new post-transition main antenna is installed. You mentioned the proposed KNVA temporary facility operating with reduced parameters will completely encompass its community of license and will not exceed its licensed, pre-transition protected noise limited contour in any azimuthal direction.

In light of the above, special temporary authority is **GRANTED** pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **June 21, 2019**.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with a long horizontal stroke at the end.
