Lubbock, TX
Fac Id: 27507

Dear Licensee:

This refers to the above mentioned application dated August 12, 2015 requesting further extension of your authority and to revise the facilities for K CBD authorized by special temporary authority ('STA') in BDSTA-20150218ABZ for K CBD to increase effective radiated power (ERP) from 0.88 kW to 3.3 kW. You indicate that due to a small airplane crash, K CBD's tower was severely damaged and the tower is currently under construction.

Upon review of your extension request, it is evident your efforts are directed toward enhancing the operating efficiency of K CBD-TV. Accordingly, pursuant to sections 73.1560 (d) and 73.1635 of the commission's Rules special temporary authority to operate at reduced power is EXTENDED until March 29, 2016.

Once again, we wish to point out that any request for further extension of this authority must include your reasons for extension and a detailed description of steps being taken to return the station to a fully operational facility.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
