Dear Licensee:

This refers to the above mentioned application dated August 25, 2015 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that on August 4, 2015, one of the five RF Power amplifier trays in the WEDY(TV) transmitter failed and the station was forced to operate at approximately 65% of its authorized power.

You state that reduced power operations will continue to be necessary while the applicant is trying to repair or replace the equipment and restore full power operation.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on March 25, 2016.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name and title.
