Dear Licensee:

This refers to the above mentioned application dated July 27, 2016 requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that On June 13, 2016, one of five RF power amplifier trays in the WEDY transmitter failed and forced the station to reduce authorized power. You mentioned that the applicant seeks STA to operate at a reduced power of approximately 66% of its authorized power until all repairs are completed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 29, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the printed name and title.
