Dear Licensee:

This refers to the above mentioned application dated January 23, 2017 requesting special temporary authority to operate at reduced effective radiated power (ERP) at its two tower sites. You indicate that due to transmitter failure, the station requests to operate with 25% of the authorized power at DTS Tower Site Number 1 and 50% of the authorized power at DTS Tower Site Number 2. You mentioned that reduced power at Tower Site Number 1 is necessary because the licensee does not possess the financial wherewithal to continue operating with full power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on July 25, 2017.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is written over the typed name and title.
