Dear Licensee:

This refers to the above mentioned application dated November 27, 2017, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the Station is operating at reduced power as of November 18, 2017 due to the IOT transmitter tube cooling failure. The Station is currently relying on a backup transmitter and is operating at approximately 19-20% of its authorized power.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on June 19, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the last name "Harding" being more prominent.
