Dear Licensee:

This refers to the above mentioned application dated January 17, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that the licensee has restored WTJX-TV to operation following substantial damage from Hurricane Irma, however at less than the licensed power of 50 kW ERP. You state that the station seeks authority to operate at 32.50 kW ERP during repairs to the air-conditioning unit. The station's AC unit was damaged in the storm and a temporary unit from another facility was installed.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on August 23, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the printed name and title.
