Not Applicable Azimuth) Not Applicable Not Applicable	Not Applicable			Azimuth) Not Applicable			

 Maximum Effective Radiated Power (Average)

 0.15 kW
 -8.24 DBK

 Height of Radiated Center Above Ground (Meters)
 Height of Radiated Center Above Mean Sea Level (Meters)

 11
 1725

Overall Height of Antenna Structure Above Ground (Meters) 15.24

Waivers/Special Conditions

Out-Of-Channel Emission Mask

Simple

This authorization is subject to the condition that low power television is a secondary service, and that low
power television and television translator stations must not cause interference to the reception of existing or
future full service television stations on either allotted NTSC or DTV channels, and must accept interference
from such stations.

Subject to the provisions of the Communications Act of 1934, as amended, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this permit, the permittee is hereby authorized to construct the radio transmitting apparatus herein described. Installation and adjustment of equipment not specifically set forth herein shall be in accordance with representations contained in the permittee's application for construction permit except for such modifications as are presently permitted, without application, by the Commission's Rules.

Equipment and program tests shall be conducted only pursuant to Sections 73.1610 and 73.1620 of the Commission's Rules.
