Dear Licensee:

This refers to the above-mentioned application dated May 1, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that due to transmitter failure, the transmitter is at 40%. You mentioned that parts are not being available and the station is attempting to get grant money to replace the transmitter to a new one.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on November 11, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
