Dear Licensee:

This refers to the above-mentioned application dated June 20, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that beginning on May 20, 2018, the station has been operating with reduced power due to damage to its transmission line. You mentioned that replacement parts have been ordered and the station has an installation team ready to complete the repairs upon receipt of the necessary parts.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on December 21, 2018.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name and title.
