Gentlemen:

This refers to your attorney's letter dated July 11, 2018, requesting special temporary authority to operate station KPNZ at reduced power. You indicate that as part of the FCC repack of television stations, a new antenna array is being installed at Farnsworth Peak to facilitate the relocation of six television stations (not including KPNZ) to newly assigned channels. During construction, which commenced in mid-June, all broadcast signals on Farnsworth Peak are either being shut down or operating at reduced power. For approximately the next 6-8 weeks, it is anticipated that KPNZ will be operating at approximately 15% power (67.5 kW) for some hours between 9:00 am and 7:00 pm.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on January 26, 2019.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
