Re: WNMN
00000058566
Saranac Lake, NY
Fac Id: 77515

Gentlemen:

This refers to your attorney's letter dated July 25, 2018 requesting special temporary authority to remain silent. You indicate that in order to ensure continued service to the community of license, Saranac Lake, after results of a tower structural analysis necessitated lowering the height of the new facility's antenna. In order to facilitate the expected build-out of the proposed DTS facility for post-auction operation, WNMN must turn off its pre-auction facility (Ch. 40) at Saranac Lake to remove power amps for retuning.

In light of the above, special temporary authority IS GRANTED pursuant to Sections 73.1740 of the Commission's Rules. This authorization expires on January 26, 2019.

During this period of discontinued operation, you are directed to pay strict attention to Section 73.1740 (a) (4). That is, you must continue to adhere to the requirements in your station license pertaining to the lighting of antenna structures.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink, reading "Kevin R. Harding", is positioned above the typed name.
