Re: KTNW  
0000058697  
Richland, WA  
Fac Id: 71023

Dear Licensee:

This refers to the above-mentioned application dated August 1, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that WSU engineering staff has determined that an intermittent condition in KTNW's present transmitter will shut the transmitter off if run above 70 percent of the power necessary to meet its authorized effective radiated power ("ERP"). You mentioned that this condition is difficult to troubleshoot and could be caused by any one of several possible issues in the transmitter.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on February 3, 2019.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.

Kevin R. Harding
