Dear Licensee:

This refers to the above-mentioned application dated October 11, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that On October 8, 2018, KRSU-TV lost one of its power supplies to the station's transmitter. As a result, power has been reduced by approximately 25%. Accordingly, the station is currently operating with at 70-75% of full power. You mentioned that the licensee is working diligently to either repair or replace the malfunctioning equipment and anticipates returning to power in the next several weeks.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **April 18, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
