Dear Licensee:

This refers to the above-mentioned application dated October 26, 2018, requesting special temporary authority to operate at reduced effective radiated power (ERP). You indicate that Oregon TV intends to commence operations prior to November 1, 2018 from the site authorized in its construction permit using an interim transmitter. You mentioned that KEZI will operate temporarily at the reduced power of approximately 4.4 kW until it can complete installation of its main transmitter and commence full power operations.

In light of the above, special temporary authority is GRANTED pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **April 26, 2019**.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with a large loop at the end.
